

CHANGES TO YOUR HEALTH CARE FSA OVER THE COUNTER EXPENSES

The CARES Act (Corona Virus Aid Relief and Economic Security Act) repealed the Affordable Care Act changing the requirement that OTC drugs and medicines must be prescribed by a Doctor in order to be reimbursed through the medical Flexible Spending Account. Your medical FSA can now pay for or reimburse OTC drugs and medicines without a Doctor's prescription. Please review the entire list carefully. If you have any questions, please contact Sharon Thompson at TR Paul Inc. (800) 678-8161 Ext 257 or sthompson@trpaul.com
